- PHP

LANGUAGES

- English
- Hindi
- Gujarati

PROFILE

B.Tech Computer Engineering student at Dharmsinh Desai University (5th semester) with a strong foundation in programming and full-stack development. Skilled in technologies including Java, C, C++, C#, .NET Core, MERN stack, Python (Django), SQL, JavaScript, HTML, and CSS. Passionate about software development and problem-solving, with hands-on experience in academic projects. Eager to apply technical knowledge and grow as a software developer in a dynamic and innovative environment.

EDUCATION

Bachelor of Technology 2023 - 2027
Computer Engineering | Dharmsinh Desai University
CPI: 8.54/10.00

GSHSEB 2021 - 2023
Shree K.M.Patel Vidhyamandir, Idar, Sabarkantha
Percentile: 98.75

PROJECTS

BizzConnect (Python, Django)
E-commerce platform for local vendors to sell products in their area with online ordering and delivery system. Integrated authentication and role-based access control.

Election Management System (Java, Spring Boot MVC)
Web application for managing elections where admins can register elections, voters can register and vote, and candidates can stand for elections. Implemented security, authentication, and authorization.

CampusVerse (PHP, MySQL)
College management system for tracking student attendance, marks, details, and feedback. Teachers can record attendance and marks through a centralized platform.

Swasthya (MERN Stack) – Ongoing
A health tracking platform where users can log daily activities (steps, calories, water intake) to generate personalized health reports. Provides medicine information and lifestyle recommendations.

SkillBridge (ASP.NET Core) – Ongoing
A freelancing-style platform designed for all professions, enabling clients and professionals to connect and collaborate securely.

TechVerse (Flutter) – Ongoing
Mobile application for online teaching, offering course management, student-teacher interaction, and content delivery.
